

Principles of management and leadership

Module aim

Being equipped with the knowledge, skills and behaviours to manage and lead in a variety of organisational settings is essential if an individual and their organisation are to succeed. This module has been designed for learners who want to gain greater self-awareness and identify ways they can maximise their personal effectiveness as a manager and leader.

Who should attend?

Practising or aspiring team leaders, supervisors and line managers.

Duration

1 day

Learning outcomes

Learners will be able to:

- Evaluate the relationship between management and leadership
- Analyse the impact of management and leadership styles on individuals and teams
- Assess their own leadership and management styles and discover how to obtain the best performance from their teams
- Develop approaches to respond to the challenges of managing remote teams.
